

## Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board  
895 Aerovista Place, Suite 101  
San Luis Obispo, CA 93401  
Attention: 401 Coordinator

<b>Project Applicant</b>	Chevron Pipe Line Co.
<b>Applicant's Agent</b>	Eric Snelling—Padre Associates, Inc.
<b>Project Name</b>	Estero Marine Terminal Plant Source Removal Project
<b>Receiving Water</b>	July 23, 2007
<b>City/County</b>	Morro Bay/ San Luis Obispo
<b>Public Notice</b>	7/30/07- 8/20/07
<b>Project Description</b>	The purpose of this project is to remove separate phase petroleum hydrocarbons documented on the ground water surface at three areas within the Estero Shore Plant.

The project activities include the following:

- to excavate hydrocarbon-containing soil and transport it off-site for treatment or disposal at an approved facility;
- treat contaminated groundwater prior to releasing it into the Pacific Ocean; and
- send the recovered oil to a designated Chevron production facility.

Mitigations will include: to restore 0.055 acres of jurisdictional wetlands and 0.445 acres of additional wetlands; and to create 0.11 acres at a 3:1 ratio of jurisdictional wetland and 0.89 acres at a 3:1 ratio of additional wetlands.

An Environmental Impact Report was approved on February 9, 2006.
